

# BLACHERE ILLUMINATION UK

Climate change conference

LIGHT IS OUR LINK

# The Blachere Illumination R&D department develops innovative and eco-responsible design solutions daily

Our team create innovative and efficient products each year to match our clients' needs.

Our goal is to amaze and surprise the public but also to help our clients manage their lighting designs with confidence.

# TOP 10 causes of death in the world

20,000,000	strokes
9,600,000	cancer
9,000,000	pollution
7,200,000	tobacco
5,000,000	covid 19
1,300,000	car accidents
700,000	aids
400,000	paludism
250,000	shot guns
15,000	wars & conflicts

9,000,000

Death due to pollution

7,000,000

Air

2,000,000

Soil and water

+ 2,000,000 Animals / year

7<sup>TH</sup> CONTINENT ...

vortex of plastic

# AND ....

## Population on the planet

x 2.5 in 60 years

WHAT CAN WE DO NOW ?

Produce less plastic

Re-use existing plastics by recycling

SO WE INVENTED ...

Welcome to our Eco Whale

Not only is it made from recycled bottles, it can house an industrial bin in your town centre to collect your residents plastic bottles – genius

And better still it's so cute people just want to come and have their photo taken with it

This MUST help if you have a Climate Emergency plan

# education programs

# 9 giant robots (and soon 15) to print rPET into xmas decoration
